Attitude

Our mission

The Center for Innovation and Medical Simulation supports SSMC’s mission to deliver holistic, transformational health care solutions that exceed expectations by providing innovative and advanced simulated experientia learning.

Our vision

Our vision is to become the medical education and training destination center in the region and enhance the delivery of medical care.

Our services

- Simulation-based education through advanced training, real-life scenarios, constructive feedback and innovation.
- Specialty training using high-fidelity scenarios to enhance our learners’ performance and skills, and enable the provision of trusted, high-quality care to patients.

We strive to improve patient safety simulation-based activities to increase the accuracy of medical procedures performed and decreasing risks increasing efficiency and patient safety. We are also committed to promoting sustainability and conserving resources by using less consumables.
