The Center of Medical Student Education at Sheikh Shakhbout Medical City (SSMC) is designed to train excellent physicians to provide compassionate care while leading advances in health care in Abu Dhabi, the GCC region and beyond.

Our goals and objectives

The Center of Medical Student Education aims to provide a conducive, nurturing and educational environment to train the medical leaders of tomorrow and improve the mental and physical well-being of all community members. We provide:

- Innovative and contemporary curriculum.
- Committed and experienced faculty members.
- Access to highly complex medical cases in a well-equipped facility.
- Advanced simulation centre for clinical skills training.

- Enhanced probability of acceptance at international post-graduate training programs.
- Opportunity to publish in international journals with faculty and student co-authors.

Our services

- Core clinical clerkships to Period-3 Khalifa University students.
- Required and elective clinical rotations for Period-4 Khalifa University students.
- Core clerkships to final year (Year-5) Gulf Medical University students.
- Pre-clinical teaching to Period-1 and Period-2 Khalifa University students both at SSMC and on university campus.
- Selected clinical clerkships for UAE University students.
- Observership for medical students from international universities.
