## Our Services

- Facilitate internal and external training and conference requests for all staff.
- Manage access to the Professional Development Fund.
- Oversee mandatory courses in collaboration with relevant departments.
- Monitor and manage content within SSMC's learning management system.
- Provide internship and work placement opportunities for non-clinical students (Tamheed)

## Our Goal

Our primary aim at the Staff Development Centre is to cultivate and educate our workforce, instilling the culture and values of SSMC, while striving towards our vision of becoming a destination medical education centre.

## Our Commitment

We are dedicated to developing, delivering, and promoting excellence through staff development programmes that cater to the needs of all SSMC staff and non-clinical learners.
